Welcome to **OPTAVIA**!

At **OPTAVIA**, we believe you can live the best life possible and we know that requires a healthy you. We help our Coaches and Clients turn simple habit-building into Lifelong Transformation, One Healthy Habit at a Time. These habits get your mind and body working together, to work for you. We believe every simple new habit, every healthy decision, every positive change leads to more.

You are now part of the **OPTAVIA** Community, here to help you become your most fulfilled you. Healthy nutrition gets you where you want to go and our independent **OPTAVIA** Coaches make sure you never go it alone.

At **OPTAVIA**, we believe optimal health is about what's added to your life, not what's subtracted from the scale. It all starts with achieving a healthy weight. This is the catalyst for bigger changes. When you achieve your optimal weight, you may increase your health, confidence and vitality, and you can create space for the life you want.

The more you get your mind and body working together to work for you, the more you will start to see possibilities become realities every day. This guide will help you track your daily Fuelings, motion, activity, hydration and more. We outline the foundational offerings of the Optimal Weight 5 & 1 Plan, which can help you achieve a healthy weight while providing the resources to transition which can help you sustain your success.

OPTAVIA offers these 4 components to support you as you begin your journey:

OPTAVIA Coach

Study after study shows that support and guidance increase your chances for success in reaching your optimal weight.* **OPTAVIA** Coaches are the lifeblood of our program. No matter what you are facing, your Coach has likely been in your same shoes and can help steer you to success. Lean on your **OPTAVIA** Coach for support to guide you through the Habits of Health Transformational System and help you develop new healthy habits. Your **OPTAVIA** Coach helps you celebrate the little victories that add up to the big ones.

The Habits of Health® Transformational System

OPTAVIA incorporates healthy habits in everything we do. Developed by Dr. Wayne Scott Andersen, Co-founder of **OPTAVIA** and independent **OPTAVIA** Coach, Dr. A's Habits of Health Transformational System is an innovative lifestyle approach that helps you learn and adopt healthy habits that can contribute to your long-term health. Use the Habits of Health Transformational System to learn about the six MacroHabits.

Clinically Proven Plans & OPTAVIA Products

Our clinically proven Optimal Weight 5 & 1 Plan jump-starts your optimal weight journey. You can choose from dozens of delicious, convenient, nutritionally interchangeable, scientifically developed Fuelings. On this plan, your body enters a gentle, but efficient fat-burning state. In addition to 5 Fuelings per day eaten every 2 to 3 hours, you will learn another healthy habit - how to make an **OPTAVIA** Lean & Green™ meal for you and your family. When you know what optimal nutrition looks like, healthy eating becomes second nature.

Our clinically proven plans and our scientifically designed products were developed by physicians, dietitians and scientists, and have impacted more than 2 million lives and been recommended by thousands of healthcare providers.

Our Scientific Advisory Board is a cross-disciplinary panel of expert physicians and scientists that advise on evidence-based research and the most up-to-date science to help guide our portfolio of plans and products.

awaken your possibilities

Let's kick-off your OPTAVIA journey!

Here is what you can expect when starting the Optimal Weight 5 & 1 Plan.
(Please consult with your **OPTAVIA** Coach if you are using one of our other plans.)

How to get prepared the night before:

- Continue to review this **OPTAVIA** Guide and keep it with you to reference as it will help you track your daily Fuelings, motion, activity, hydration and more.
- Choose your 5 Fuelings, and plan 1 Lean & Green meal for tomorrow.
- Take a before photo so you can visually track your progress.
Don't worry, you don't need to share it with anyone!
- Write down your starting weight and starting measurements.
- Plan the best time for your **OPTAVIA** Coach to call you tomorrow.
- Write down any questions you have for your **OPTAVIA** Coach:

Helpful reminders:

- Eat within 1 hour of waking up.
- Drink plenty of water* (~64 oz.).
- Eat every 2 - 3 hours and use this guide to record your Fuelings, Lean & Green meal, water intake, plus your microHabits of Health in our daily journal trackers starting on page 26.
- Make sure to write your name in *Your LifeBook*. If you have not yet ordered *Your LifeBook*, please visit [this introduction](#), just for you!

**We recommend drinking 64 ounces of water each day. Consult with your healthcare provider prior to changing the amount of water you drink as it can affect certain health conditions and medications.*

Daily Support & Top Tips

On your **OPTAVIA** journey, your **OPTAVIA** Coach and our daily support plan will help steer you to success as you start incorporating healthy habits that can help create optimal health.

We recommend following these tips for success:

Before you begin.

We recommend that you contact your healthcare provider before you begin a weight loss program and throughout your **OPTAVIA** journey about the program and about any medications or dietary supplements you are using, especially including Coumadin (Warfarin), lithium, diuretics or medications for diabetes, high blood pressure or thyroid conditions. (For our complete medical disclaimer please review the [back cover](#) of this guide.)

Stay in touch with your independent OPTAVIA Coach.

Caring, knowledgeable, one-on-one support provided by your personal Coach is one of the key components that makes **OPTAVIA** different from other programs. Lean on your **OPTAVIA** Coach as you begin your journey by setting goals for your health and wellness.

Track your progress with the Habits of Health Transformational System.

Six Steps to Optimal Health

Your Steps to Integration

Our **OPTAVIA** Community provides encouragement and real answers along the path to health, confidence and vitality. It is all built on our innovative, six step approach that will enable you to reach your personal goals and help create your own foundation for achieving optimal health.

The six steps are:

*No one can predict how long you are going to live, but research suggests that making an overall lifestyle change by taking an active role in your choices and behavior, including losing weight, eating healthier, moving more and reducing stress, has the potential to help you live a longer, healthier life.

A day on the
OPTIMAL WEIGHT

5 & 1
Plan®

The Optimal Weight 5 & 1 Plan

Our clinically proven Optimal Weight 5 & 1 Plan teaches you to eat six small meals a day - one every two to three hours - an important habit to help you maintain a healthy weight. With the support of your independent **OPTAVIA** Coach and our Community you will start making progress right away.

Five of your daily meals are **OPTAVIA** Fuelings. Choose from dozens of delicious, convenient, nutritionally interchangeable, scientifically developed Fuelings. Each Fueling has a nearly identical nutritional profile designed by our team of food scientists and refined by our Registered Dietitians and nutrition team.

Each **OPTAVIA** Fueling is scientifically formulated with the right balance of carbohydrates, protein and fat which helps promote a gentle, but efficient fat-burning state. Each Fueling contains high-quality, complete protein which helps retain lean muscle mass.

OPTAVIA Fuelings do not contain colors, flavors or sweeteners from artificial sources. Each Fueling contains **BC30™** probiotic cultures, which help support digestive health as part of a balanced diet and healthy lifestyle.

Your **OPTAVIA** Coach can help you choose your Fuelings at the start, and you will soon discover your own favorites.

In addition to five Fuelings each day, you will learn another healthy habit, how to make a Lean & Green meal for you and your family. You will begin to learn what optimal nutrition looks like and soon healthy eating will become second nature.

What is a Lean & Green Meal?

A Lean & Green meal includes 5 to 7 ounces of cooked lean protein plus three (3) servings of non-starchy vegetables and up to two (2) servings of healthy fats, depending on your lean protein choices. Enjoy your Lean & Green meal any time of day – whatever works best for your schedule.

Healthy Fats

Every day, incorporate up to two (2) servings of healthy fats into your Lean & Green meal. Healthy fats are important because they help your body absorb vitamins like A, D, E and K. They also help your gallbladder work properly. Reference [page 20](#) to view our complete Healthy Fats List.

Lean & Green Meal: The "Lean"

Lean Tips:

- Portion size recommendations are for cooked weight.
- Choose meats that are grilled, baked, broiled or poached – not fried.
- Each week, try to eat at least two servings of fish rich in omega-3 fatty acids (salmon, tuna, mackerel, trout or herring).
- Feel free to choose any of our meatless options like tofu and tempeh. If you are interested in our complete list of meatless options, please refer to our '[Vegetarian Information Sheet](#)' located on [Client Answers](#) (ANSWERS.OPTAVIA.com).

*you can have your
lean & green meal
any time of day*

Choose the appropriate serving size of any protein from the list below.

We've sorted protein options into leanest, leaner and lean. All options are appropriate for the Optimal Weight 5 & 1 Plan; this just helps you make informed food choices.

For a variety of **OPTAVIA** Lean & Green recipes, download the **OPTAVIA** App for access to the complete library of meals.

LEANEST:

7 oz. of protein

**+ Add 2 servings

Meatless options: 14 egg whites, 2 cups of liquid egg substitute or liquid egg whites, 5 oz. seitan, 12 oz. (1 ½ cups) 1% cottage cheese, 12 oz. non-fat (0%) plain Greek yogurt (≤ 15g carb per 12 oz.)

LEANER:

6 oz. of protein

**+ Add 1 serving
of Healthy Fats***

Fish: swordfish, trout, halibut

Chicken: breast or white meat, without skin

Ground turkey or other meat: 95% - 97% lean

Pork: pork chop or pork tenderloin

Meatless options: 2 whole eggs plus 4 egg whites, 2 whole eggs plus 1 cup liquid egg substitute, 12 oz. (1 ½ cups) 2% cottage cheese, 12 oz. low-fat (2%) plain Greek yogurt (≤ 15g carb per 12 oz.)

LEAN:

5 oz. of protein

**0 servings
of Healthy Fats**

Fish: salmon, tuna (bluefin steak), farmed catfish, mackerel, herring

Lean beef: steak, roast, ground

Lamb

Ground turkey or other meat: 85% - 94% lean

Chicken or turkey: dark meat

Meatless options: 15 oz. Mori-nu extra firm or firm tofu (bean curd), 3 whole eggs (up to two times per week), 4 oz. (1 cup) shredded reduced-fat or part-skim cheese, 8 oz. (1 cup) part-skim ricotta cheese (2-3g fat per oz.), 5 oz. tempeh

* To view our complete Healthy Fats List please refer to [pages 20-22](#)

Lean & Green Meal: The "Green"

Choose three (3) servings from our Green Options list below for each of your Lean & Green meals. We've sorted vegetable options into lower, moderate and higher carbohydrate levels. Each one is appropriate on the Optimal Weight 5 & 1 Plan; the list helps you make informed food choices.

Choose 3 servings from the Green Options List:

1 serving = ½ cup vegetables (unless otherwise specified)

Example: 1 cup of lettuce  + ½ cup of broccoli  + ½ cup mushrooms 

| 1 cup | Lower Carbohydrate | |
|-------|---|--|
| | Collards (fresh/raw) endive lettuce (green leaf, butterhead, iceberg, romaine) mustard greens | spinach (fresh/raw) spring mix watercress bok choy (raw) |
| ½ cup | Lower Carbohydrate | |
| | celery cucumbers white mushrooms radishes sprouts (alfalfa, mung bean) turnip greens | arugula nopales escarole jalapeño (raw), Swiss chard (raw) bok choy (cooked) |
| | Moderate Carbohydrate | |
| | asparagus cabbage cauliflower eggplant fennel bulb | kale portabella mushrooms spinach (cooked) summer squash (scallop or zucchini) |
| | Higher Carbohydrate | |
| | broccoli red cabbage chayote squash collard or mustard greens (cooked) green or wax beans kabocha squash kohlrabi leeks (cooked) okra | peppers (any color) scallions (raw) summer squash (crookneck or straightneck) tomatoes turnips spaghetti squash hearts of palm jicama Swiss chard (cooked) |

Note:

All vegetables promote healthful eating. But on the Optimal Weight 5 & 1 Plan, we eliminate the highest-carbohydrate vegetables (such as carrots, corn, peas, potatoes, onions, edamame and Brussels sprouts) to enhance your results. Once you've achieved your healthy weight, we encourage you to include ALL vegetables for long-term healthy eating.

Extras

Optional Snacks

In addition to your five Fuelings and one Lean & Green meal, you may choose one of these optional snacks daily. Talk to your independent **OPTAVIA** Coach about plan-approved optional snacks including:

- **OPTAVIA** Puffed Snacks or **OPTAVIA** Popcorn
- 3 celery stalks
- 1 fruit-flavored sugar-free Popsicle
- ½ cup serving sugar-free gelatin, such as Jell-O
- Up to 3 pieces of sugar-free gum or mints
- 2 dill pickle spears
- ½ oz. of nuts: almonds (10 whole), walnuts (7 halves) or pistachios (20 kernels)*

** Be mindful that nuts are a rich source of healthy fat and additional calories – choose this optional snack sparingly.*

Flavors of Home®

Our Flavors of Home product line is the perfect answer to dinner when life's just too busy for cooking. Each Flavors of Home option is a complete Lean & Green meal on the **OPTAVIA** Program – with the right portions of lean protein, vegetables and fat. Each meal is made with nutritious, delicious ingredients that taste homemade but take only minutes to prepare.

Optional Condiments

Use condiments to add flavor and zest to your meals, just remember that they contribute to overall carbohydrate intake. We recommend reading food labels for carbohydrate information and controlling condiment portions for optimal results. A condiment serving should contain no more than 1 gram of carbohydrate per serving. You can enjoy up to three condiment servings per Lean & Green meal. For a more comprehensive list of condiments please refer to [pages 22-23](#).

Recipe Conversion

To help you make delicious and plan approved Lean & Green meals, check out the **OPTAVIA** App for a myriad of suggestions. For those times when you are making your own recipes, you may use the Lean & Green meal parameters below.

Lean & Green Meal Nutritional Parameters:

- 250-400 calories
- ≤20 grams total carbohydrate (ideally <15 grams)
- 10-20 grams total fat
- ≥25 grams protein

Dining Out Guide

At **OPTAVIA**, we understand that there will be times when you are out with friends and family and need to make healthy eating decisions. Our "[Dining Out Guide](#)" located on [Client Answers](#) (ANSWERS.OPTAVIA.com) will empower you to make healthier choices, whether you are dining out, picking up take-out after a busy day or taking part in a special occasion.

The following pages will help you track your progress during the first 30 days on the Optimal Weight 5 & 1 Plan.

As you begin on your journey to optimal health, we will help you integrate manageable microHabits of Health into your life. While these habits might seem small, they can bring extraordinary results. Over time, they make healthy habits second nature. During the next 30 days, you will begin to see the benefits as your transformation unfolds.

We encourage you to lean on your Coach and the **OPTAVIA** Community for support and track your progress in *Your LifeBook* and the **OPTAVIA** App.

Week 1:

Habits of Healthy Eating & Hydration

Start the Optimal Weight 5 & 1 Plan and eat six small meals per day. Then drink one more glass of water per day than you currently do. Whether in the morning, with a Fueling or in the evening, just one additional glass can be a big win. Staying hydrated is essential to health and helps fight food cravings.

microHabit of Health 1:
Drink one extra glass of water a day.*

Today and for the remainder of this week, focus on drinking one additional glass of water each day. Use the **OPTAVIA** App to track your daily hydration and Fuelings every two to three hours.

Recommended readings: Part 2.5 in *Dr. A's Habits of Health, Second Edition* and Element 10 in *Your LifeBook*.

**We recommend drinking 64 ounces of water each day. Consult with your healthcare provider prior to changing the amount of water you drink as it can affect certain health conditions and medications.*

Quick Tips to get started on your 30-Day Journey

Day 1

Connect with your independent **OPTAVIA** Coach! Your Coach will help steer you to success so reach out at any time with questions or for support. Download the **OPTAVIA** App to help plan your Lean & Green meals for the week ahead.

Day 2

Use the **OPTAVIA** App to track your daily hydration and Fueling consumption every two - three hours. Achieve optimal success by setting an alarm or reminder to ensure you pace yourself throughout each day.

Day 3

As you are working on this week's microHabit of Health, consider keeping a water bottle handy at your desk, in your car or in your bag when you are on the go.

Day 4

Lean on your **OPTAVIA** Coach. Make a plan together to discuss this week and next. Make sure to set up the next time to connect with them so that you have a strong plan for how you will wrap up this week. Also, share your experience to help others. Connect to the **OPTAVIA** Community on social media and use **#OPTAVIA**.

Day 5

If you are following our Optimal Weight 5 & 1 Plan, you are likely experiencing the power of being in a gentle, but efficient fat-burning state. Keep up the great work! Your first five days is a perfect time to work with your **OPTAVIA** Coach to ensure success.

Day 6

Now is a great time to work with your **OPTAVIA** Coach to get started with *Your LifeBook* in creating your story of Lifelong Transformation, One Healthy Habit at a Time.

Day 7

The **OPTAVIA** experience is more fun with friends, so keep sharing on social media! Talk about your story, your goals, your journey and your biggest win of the week. Be sure to tag your friends or your **OPTAVIA** Coach and use **#OPTAVIA** and **#LifelongTransformation**.

Week 2: Be Mindful

Continue your week 1 microHabit of Health by incorporating an additional glass of water daily until you reach eight glasses (64 ounces).^{*} Note the amount of water you've had each day in the **OPTAVIA** App.

microHabit of Health 2:

Write one sentence in your OPTAVIA weekly journal each day.

As your transformation begins with healthy Fuelings, and healthy hydration you will now begin to learn mindfulness. Each day, reflect on a moment when you felt a craving and how you handled it or write about an accomplishment. One sentence is all it takes! Mindfulness helps you avoid choices that lead you away from success. Incorporating this habit into your daily routine will give you an important record of your thoughts and feelings during your **OPTAVIA** journey.

Quick Tips

Day 8

Practice mindfulness as you eat your Fuelings this week, consuming food slowly and thoughtfully. Spend at least 15 minutes eating each meal. Cut bars into small pieces, and eat one bite at a time. Reflect on changes you're experiencing. What does an optimal life look like to you?

Day 9

As you practice mindfulness, you will become more connected to what matters most, and begin seeing your biggest opportunities. Connect with your **OPTAVIA** Coach for suggestions and support.

Day 10

Hydration alert! As you learned last week, hydration is vital for your health and for reaching your goals. Keep building on this Habit of Health. Use the **OPTAVIA** App to track your water intake.

Day 11

With **OPTAVIA**, you're never alone. In addition to your **OPTAVIA** Coach, there are thousands of people in the **OPTAVIA** Community to support you. Connect with them on social media at **#OPTAVIA** and **#LifelongTransformation** to share how mindfulness has helped you.

Day 12

On occasion, take some extra time when preparing your Lean & Green meal to be mindful of what you're doing and how it's making you feel. While we lead busy lives, a new and different recipe can be found on the **OPTAVIA** App and really spice things up.

Day 13

Progress vs. Perfection. Most of us try to succeed by being perfect. So when we just need a minor course adjustment, we may feel we've failed. Your **OPTAVIA** Coach can help you move past these feelings and give you fresh perspective along the way, as they may have been in your shoes and can help steer you to success. If you haven't yet started using *Your LifeBook*, this is a great time to start!

Day 14

Celebrate the past week and plan for the second half of your **OPTAVIA** journey! Your **OPTAVIA** Coach will celebrate your victories with you and offer support from their own experiences. Share your win of the week on social using **#OPTAVIA** or **#LifelongTransformation** and tag your **OPTAVIA** Coach!

Week 3:

Transform with the Habit of Healthy Sleep & Energy Management

You are two weeks in! You're drinking water and journaling daily, well on your way to integrating new Habits of Health into your daily life. This week's theme is Healthy Sleep & Energy Management. Sleep is a crucial part of optimal health but is often overlooked. Getting seven to eight hours of restful sleep nightly may help with stress, food cravings and overeating. Those are some big rewards!

microHabit of Health 3:
**Drink one less cup of coffee, soda or other
caffeine source after 12 noon each day.**

To build Habits of Healthy Sleep & Energy Management that can support you in reaching a healthy weight, your new microHabit of Health is to have one less cup of a caffeinated drink after noon each day. According to the FDA, the average American drinks about 300 milligrams (mg) of caffeine per day, equivalent to three cups of coffee or eight cans of soda. If you eliminate caffeine after noon, you're more likely to get a restful night's sleep!

Additionally, following a reduced-calorie meal plan might make you more sensitive to caffeine and keep you even more awake at night.

Quick Tips

Day 15

Drinking less caffeine can improve your sleep quality. Your **OPTAVIA** Coach is a great resource for simple steps leading to healthier sleep.

Day 16

As you build on microHabits of Health, you'll start to see some significant transformations. Drinking more water and practicing mindfulness, together with this week's microHabit of Health, sets the foundation for optimal health and wellbeing.

Day 17

Had a long day and need an extra crunch? An optional snack can be just the boost you need to fuel your day in a healthy way. Check with your **OPTAVIA** Coach for ideas, or refer to the 'Extras' section in this guide on [page 18](#).

Day 18

Feeling more energetic as you focus on optimal health and your new microHabits of Health? Use that new energy to share an accomplishment with your **OPTAVIA** Coach, and with the **OPTAVIA** Community via social media using #**OPTAVIA** and #LifelongTransformation.

Day 19

Most of us are connected to our mobile devices all day and well into the night. By charging your phone out of reach, you'll likely get more sleep, and enjoy relaxed time to reflect on the day's successes and prepare for tomorrow.

Day 20

By now you will have found some favorite Fuelings. Tell your **OPTAVIA** Coach which options you love and make sure you're set for your next **OPTAVIA** Premier order. Your **OPTAVIA** Coach can show you how to edit your order template to get all of your new found favorites!

Day 21

It's time to celebrate! For three weeks, you've been integrating the first three components of our proven system, including the **OPTAVIA** App and *Your LifeBook* into your daily life. Three weeks ago, did you think this was possible?

Use social media to share how your life has been transforming. Be sure to tag your **OPTAVIA** Coach and use #**OPTAVIA** and #LifelongTransformation.

*you have the power to

Week 4:

Share the Habit of Healthy Motion

Intense workouts, especially if you are not ready, may do more harm than good.* The Habits of Health you've already integrated – eating healthy Fuelings every two to three hours, drinking more water, journaling, sleeping better by consuming less caffeine and being mindful – are making a difference in your life. Now, we recommend you start being more active with this microHabit of Health.

microHabit of Health 4:
Stand for an extra 2 minutes a day.

Your new microHabit of Health for the week is to stand up while you are watching your favorite TV show, at work or while reading a book. Standing activates almost every muscle in your body as you stabilize your posture. It sounds small, but one of the biggest health recommendations in years is to sit down less, so 2 minutes extra of standing a day is a good start! Share this practice with your family and friends to introduce more motion into their lives.

Recommended readings: Parts 2.9-2.12 in *Dr. A's Habits of Health, Second Edition* and Elements 17-18 in *Your LifeBook*.

* When on the Optimal Weight 5 & 1 Plan, we recommend 30 minutes of moderate exercise while limiting exercise to 45 minutes of light to moderate physical activity each day. We also recommend checking with your healthcare provider before starting any exercise program.

Quick Tips

Day 22

You now know sitting for long periods can be unhealthy. As you integrate standing more as a microHabit of Health, think about friends and family who could benefit from a bit more activity. How can you share the Habit of Healthy Motion?

Day 23

Sometimes when we start our journey, our goals center on the scale. But we believe optimal health is about what's added to your life, not what's subtracted. Reflect on your larger health goals.

List reasons why you joined the **OPTAVIA** Community and share them with your **OPTAVIA** Coach. This will give you positive reinforcement when you need it.

Day 24

Two more minutes of standing will build a foundation for more activity. Spread the benefits to people you care about most. By walking with your family to the store, strolling after dinner or hiking with the kids, you're building Habits of Healthy Motion for those you love!

Day 25

Note how your clothes fit as your body changes, which doesn't always show up instantly on the scale. Remember, it's about a healthier you, living your best life. Journal how you feel physically, mentally and emotionally.

Who in your life might benefit from what you're doing?

Tag them in a post with your **OPTAVIA** Coach on social media, or connect them directly. You can even pay it forward and decide to coach them yourself!

Day 26

Tried one of our Lean & Green recipes? Awaken your taste buds by mixing things up! Download our **OPTAVIA** App, share your favorite recipe and include friends who may be ready for optimal health.

Tag your **OPTAVIA** Coach as they may also have recipes to share.

Day 27

You've been journaling for several weeks now. Today, reread your daily entries and reflect on your next health goals. Your **OPTAVIA** Coach and *Your LifeBook* will help you continue to successfully integrate the Habits of Health and create a plan of action to ensure your continued success for Lifelong Transformation, One Healthy Habit at a Time.

Day 28

One of the best ways to make physical activity even more enjoyable is to share the experience. What group activity can you arrange for family or friends? Share with your social networks and when local connections comment, invite them to join you! Be sure to tag **#OPTAVIA** and **#LifelongTransformation**.

*embrace this day and
the days ahead*

Week 5: Celebrate and Continue

You are about to finish your first 30 days! The steps you've taken are remarkable. You may have had challenges at times, but the obstacle is the way. You made it this far, and that momentum is powerful as you continue your transformational journey.

microHabit of Health 5:
Celebrate Your Victories.

Your independent **OPTAVIA** Coach and *Your LifeBook* will help you reflect on and celebrate the integration of each new habit along your journey, giving you the opportunity to step back and say, "Wow, I really did that!" Share your excitement on Facebook and other social media channels, and tag your **OPTAVIA** Coach using **#OPTAVIA**.

Call your **OPTAVIA** Coach to celebrate and discuss your next 30 days!

1 Describe three things that you learned so far on your **OPTAVIA** journey.

2 What are you most excited about as you continue your **OPTAVIA** journey?

3 Who in your life would benefit from beginning their own **OPTAVIA** journey?

Quick Tips

Day 29

Celebrate! You began your **OPTAVIA** journey, incorporated microHabits of Health, were supported by your independent **OPTAVIA** Coach and the **OPTAVIA** Community, plus adopted healthy eating habits using Fuelings!

Day 30

Congratulations – you completed your first 30 days! A great way to mark these changes is to post a before and after picture (or even just an after of how your life has changed in 30 days).^{*} Share it on social media or post it on the **OPTAVIA** Facebook page using #LifelongTransformation.

What's next?

As you complete your first 30 days, this is just the beginning, continue to work with *Your LifeBook* and with the support of your **OPTAVIA** Coach as you create your story of optimal health and wellbeing.

Still working towards your goals?

We realize not everyone is ready to transition after 30 days, visit [OPTAVIA Client Answers](https://www.OPTAVIA.com/ANSWERS) (ANSWERS.OPTAVIA.com) to download and print extra [weekly trackers](#).

^{*} Check with your **OPTAVIA** Coach for assistance on how to compliantly post before/after pictures.

Transitioning from the Optimal Weight 5 & 1 Plan

If you need more time to achieve your health and wellness goals, that is okay! Keep going and remember that your journey is a gradual progress. **OPTAVIA** provides you with the tools and resources to help reach those goals when you are ready.

If you feel ready to take the next step, review the checklist below to ensure you are on the right path:

Have you achieved a healthy weight?

Are you ready to continue your journey to Ultrahealth?

Have you reached out to your **OPTAVIA** Coach to discuss your transition plan?

During this time continue to use *Your LifeBook* to reset and create a new action plan and timeline that works for you. You can do it!

Transitioning

Congratulations, once you've achieved your healthy weight, make the transition to lifelong healthy eating. The transition phase gradually increases your calorie intake and reintroduces a wider variety of foods.

The calories you need after transition to maintain your weight varies according to your height, weight, gender, age and activity level. This 6-week transition leads to an ultimate goal of fewer than 1,550 calories a day.

The Optimal Health 3 & 3 Plan

Continuing your path to optimal health.

Once you have transitioned off of the Optimal Weight 5 & 1 Plan and achieved your healthy weight, it's crucial to maintain the good habits you have learned. To help you sustain your healthy weight, we have developed the Optimal Health 3 & 3 Plan.

This plan focuses on nutritionally balanced, small meals eaten every two to three hours, like our Optimal Weight Plans, while integrating more food choices in the right portions. It's easy to follow the Optimal Health 3 & 3 Plan, just consume three Optimal Health Fuelings and three balanced meals daily. If you choose to replace an Optimal Health Fueling with one of your favorite **OPTAVIA** Fuelings used during weight loss, remember to include an additional Healthy Exchange item from the list starting on [page 54](#).

Your independent **OPTAVIA** Coach can tell you more about the Optimal Health 3 & 3 Plan developed by our team of Registered Dietitians. Remember, your **OPTAVIA** Coach is there to help steer you to success and celebrate your journey!

Ready? Let's get started.

The Optimal Health 3 & 3 Plan in Three Easy Steps

Step 1

Calculate your Total Energy Expenditure (TEE), which is the number of calories you burn each day.

Visit our '[Optimal Health 3 & 3 Program](#)' webpage located under the 'Products & Programs' section of [OPTAVIA.com](#) for our total energy expenditure calculator. The Optimal Health 3 & 3 Plan takes a common sense approach to sustaining a healthy weight based on balancing your food intake with the calories you burn. Remember, increasing your activity is also an important part of maintaining a healthy weight.

Recommended readings: Part 2.8 in *Dr. A's Habits of Health, Second Edition* and Element 14 in *Your LifeBook*.

Step 2

Choose your meal plan based on your TEE.

When you know what optimal nutrition looks like, healthy eating becomes second nature. Our registered dietitians have developed a variety of meal plans ranging from 1,200 - 2,500 calories. Visit our '[Program Guides & Information Sheets](#)' section on [OPTAVIA Client Answers](#) (ANSWERS.OPTAVIA.com) to view our '[Optimal Health 3 & 3 Plan Sample Meal Plans](#).'

Step 3

Familiarize yourself with the plan's food groups, which include fruits, dairy, starches, proteins, fats and vegetables.

To add variety, select foods from the 'Healthy Exchange List' as substitutions. You can also have one Free Choice each day. All of the food and beverage options in the 'Healthy Exchange List' are approximately 100 calories and can also be used as a "Free Choice". Our healthy exchange list of options can be found on next few pages of this guide.

Need help? If you need help calculating your TEE and getting started on the Optimal Health 3 & 3 Plan, contact your **OPTAVIA Coach** or our Nutrition Support team at 1.888.OPTAVIA or NutritionSupport@OPTAVIA.com for more information.

Healthy Exchange Options

We know not everyone has the same taste buds, so we've created a Healthy Exchange resource to help you choose the foods you like and work them into the Optimal Health 3 & 3 Plan! We list a variety of food options with serving sizes around 100 calories and 15g of carbohydrate or less. You will also find recommended serving sizes for alcohol and sweet treats that can occasionally be incorporated into your Optimal Health 3 & 3 Plan as the "Free Choice."

The best path to optimal health includes eating a well-balanced diet with a variety of:

- Fruits
- Low-fat dairy foods
- Lean protein
- Whole grains
- Healthy fats
- Vegetables

The amounts of food you will eat from each food group depends on the number of calories you burn each day (i.e. your total energy expenditure). If you haven't already, work with your **OPTAVIA** Coach to calculate your total energy expenditure, and then use our list of Healthy Exchanges to help create balanced meals.

Recommended readings: Part 2.3-2.6 in *Dr. A's Habits of Health, Second Edition* and Elements 08-09 in *Your LifeBook*.

Healthy Exchange List

*Note: The Healthy Exchange List is designed specifically for the Optimal Health 3 & 3 Plan. The options listed are not suitable substitutions for **OPTAVIA** Fuelings while following the Optimal Weight 5 & 1 Plan.*

OPTAVIA Fuelings

1 **OPTAVIA** Fueling

Fruit

| Amount | Food |
|---------------|---|
| 1 (4 oz.) | Fresh whole fruit, small (apple, pear, orange) |
| ½ cup | Chopped fresh fruit |
| ½ cup | Canned fruit (no sugar added) |
| ½ cup (4 oz.) | 100% fruit juice |
| 2 Tbsp | Dried fruit |
| 2 | Tangerines or plums, small |
| 17 | Grapes, small |
| 12 | Cherries |
| ¾ cup | Berries |
| 1 oz. | Goji berries (dried, unsweetened) |
| 3 | Dates |
| 1 | Kiwi |
| 1 cup | Melon, cubed (cantaloupe, honeydew, watermelon) |
| ½ (4 oz.) | Banana, large |

Tips for Fruit:

- Consume fruit with the skin on for extra fiber.
- When choosing canned fruit, select those packed in water or 100% fruit juice instead of syrup.
- Limit dried fruit, which is higher in calories and can have added sugar.
- Choose whole fruit instead of fruit juices for fiber, increased satiety and less sugar.

Dairy

| Amount | Food |
|---------------|---|
| 1 cup (8 oz.) | Fat-free or low-fat milk |
| 1 cup (8 oz.) | Milk substitute (soy, rice, almond, cashew) |
| ½ cup (4 oz.) | Evaporated milk |
| ¾ cup (6 oz.) | Nonfat or low-fat yogurt (including Greek) |
| 1 cup (8 oz.) | Kefir |

Tips for Dairy:

- Select plain or no-sugar-added yogurt to control calories.
- Choose plain kefir to avoid added sugar. Blend with fresh fruit instead for a protein- and fiber-rich beverage.
- Choose unsweetened milk substitutes for fewer calories and less sugar.
- If you usually drink whole milk, switch gradually to fat-free milk. Try reduced fat (2%), and then transition to low-fat (1%) or fat-free (skim) milk.
- If you drink cappuccinos or lattes – ask for them with fat-free (skim) milk.
- Add fat-free or low-fat milk instead of water to oatmeal and hot cereals.
- Use fat-free or low-fat milk when making cream-based dishes.
- Use plain Greek yogurt instead of mayonnaise or sour cream for added protein and less calories.

Healthy Exchange List (cont.)

| Protein | |
|---------|---|
| Amount | Food |
| 2 oz. | Lean beef: select or choice grades trimmed of fat- ground round, roast (chuck, rib, rump), round, sirloin, steak (cubed, flank, porterhouse, T-bone), tenderloin |
| 1 oz. | Beef jerky* |
| 1 oz. | Beef: corned beef, ground beef, meatloaf, Prime grades trimmed of fat, short ribs, tongue |
| 2 oz. | Cheese with 3g of fat or fewer per oz. |
| 1 oz. | Cheese with 4-7g of fat per oz. |
| 1 | Egg |
| ½ cup | Low-fat cottage cheese |
| ½ cup | Egg substitute |
| 4 | Egg whites |
| 2 oz. | Fish: fresh or frozen: catfish, cod, flounder, haddock, halibut, orange roughy, salmon, tilapia, trout, tuna |
| 2 oz. | Shellfish: clams, crab, imitation shellfish, lobster, scallops, shrimp |
| 1 oz. | Fish: smoked: herring or salmon (lox)* |
| 2 oz. | Game: buffalo, ostrich, rabbit, venison |
| 2 oz. | Lamb: chop, leg or roast |
| 12 | Oysters, medium |
| 2 oz. | Canadian bacon* |
| 2 oz. | Poultry (without skin): chicken, Cornish hen, domestic duck or goose, turkey |
| 2 oz. | Canned tuna, salmon or sardines in water |
| 2 oz. | Sausage with 3g of fat or fewer* |
| 1 oz. | Veal: loin, chop, roast |
| 1 patty | Meatless burger |
| 4 oz. | Tofu |
| ¼ cup | Tempeh |
| 2 oz. | Seitan |
| ¼ cup | Hummus |

* High in Sodium.

Tips for Protein:

- Choose the leanest cuts of beef, such as round steaks and roasts (eye of round, top round, bottom round, round tip), top loin, top sirloin and chuck shoulder and arm roasts.
- Select the leanest pork choices, such as pork loin, tenderloin, center loin and ham.
- Choose extra lean ground beef that is labeled at least 90% lean.
- Buy skinless poultry, or remove the skin before cooking. Choose skinless chicken breast and turkey cutlets for the leanest options.
- Choose low-sodium lean turkey, roast beef or ham for sandwiches instead of processed deli meats such as bologna or salami.
- Trim away all of the visible fat from meats and poultry before cooking.
- Skip breading on meat, poultry or fish.
- Include fatty fish (salmon, mackerel, herring, lake trout, sardines and albacore tuna) at least two times a week for heart-healthy omega-3 fatty acids.

| Starch | |
|------------------|--|
| Amount | Food |
| 1 slice | Bread |
| 2 slices | Reduced-calorie bread |
| ½ | Pita, 6 inches in diameter |
| 1 | Tortilla, 6 inches in diameter |
| ¼ | Naan, 8 inches by 2 inches |
| 1 small | Roti/chapatti, 6 inches |
| 1 piece | Matzoh |
| ½ | English muffin, hamburger or hot dog bun |
| 1 | Mini bagel |
| ½ cup | Hot cereal, cooked (oatmeal, cream of wheat) |
| ¼ cup | Oat bran |
| 3 Tbsp | Wheat germ |
| ¾ cup | Ready-to-eat, unsweetened cereal |
| ½ cup | Sweetened cereal |
| ¼ cup | Granola or muesli (low-fat or regular) |
| ½ cup | Bulgur, wheat bran |
| ⅓ cup | Cooked barley, freekeh, farro, couscous, millet, pasta, polenta, quinoa, white or brown rice, amaranth |
| 1 oz. | Soba noodles |
| ½ cup | Starchy vegetables (corn, peas, potatoes, parsnips, succotash, yams) |
| 1 cup | Winter squash (acorn, butternut, pumpkin) |
| ½ cup | Beans and lentils, cooked (mung beans, pinto beans, black beans) |
| ½ cup | Adzuki beans, cooked |
| ½ medium (3 oz.) | Baked potato (all varieties) |
| ¾ oz. | Pretzels |
| 3 cups | Air-popped popcorn |
| 6 | Crackers |
| 2 | Rice cakes |
| 15 (¾ oz.) | Baked chips (potato, tortilla, pita) |
| ¾ cup | Hominy, canned |

Tips for Starches:

- Substitute a whole-grain product for a refined product such as whole-wheat bread instead of white, brown rice instead of white, whole wheat pasta instead of white, etc.
- Try sweet potatoes with the skin on instead of white potatoes for more nutrients. They can be cooked in the microwave in minutes.
- Choose beans and lentils for extra protein and fiber. Soak dried beans overnight to reduce cooking time.
- If you're choosing canned, be sure to rinse through a colander to remove excess sodium.
- Experiment by substituting whole-wheat or oat flour for up to half of the flour in pancakes, waffles, muffins or other flour-based recipes.
- Use whole-grain bread or cracker crumbs instead of white bread crumbs.
- Try rolled oats or a crushed, unsweetened, whole-grain cereal as breading for baked chicken, fish, veal cutlets or eggplant parmesan.
- Try an unsweetened, whole-grain, ready-to-eat cereal as croutons in a salad or in place of crackers with soup.
- Foods labeled with the words "multi-grain," "stone-ground," "100% wheat," "cracked wheat," "seven-grain" or "bran" are not always whole-grain products.
- Color is not an indication of a whole grain. Bread can be brown because of molasses or other added ingredients. Read the ingredient list to see if it is a whole grain.
- Use the Nutrition Facts label, and choose whole-grain products with a higher % Daily Value (% DV) for fiber. Many, but not all, whole-grain products are good or excellent sources of fiber.
- Read the food label's ingredient list. Look for products without added sugars (such as sucrose, high-fructose corn syrup, honey, malt syrup, maple syrup, molasses or raw sugar) that add extra calories.
- Look for 100-calorie sandwich rolls, often labeled "rounds", "flats" or "thins".

Healthy Exchange List (cont.)

| Fats | | | |
|----------------|---------------------|----------|---------------------------------|
| Amount | Food | Amount | Food |
| 2 tsp | Oil (any type) | 1 Tbsp | Tahini |
| 1 Tbsp | Nut butter | 2 Tbsp | Seeds (sesame, sunflower, flax) |
| 12 | Almonds | 1 Tbsp | Chia seeds |
| 12 | Cashews | 2 slices | Bacon, cooked |
| 20 | Peanuts | ½ cup | Light coconut milk |
| 32 | Pistachios | 2 Tbsp | Cream cheese |
| 1-2 Tbsp | Salad dressing | ¼ cup | Guacamole |
| 2 tsp | Butter or margarine | 1 ½ Tbsp | Pesto |
| 4 Tbsp (2 oz.) | Avocado | 2 Tbsp | Baba ghanouj |
| 16-20 | Olives (large) | 2 tsp | Ghee |

Tips for Fats:

- Use small amounts of fats, which provide essential nutrients.
- Choose oils over solid fats. All fats and oils are a mixture of saturated fatty acids and unsaturated fatty acids. Solid fats contain more saturated fats and/or trans fats than oils. Saturated fats, trans fats and cholesterol tend to raise LDL (bad) cholesterol levels in the blood, which increases the risk for heart disease.
- Select mostly polyunsaturated (PUFA) or monounsaturated (MUFA) fats. Oils are the major source of MUFAs and PUFAs in the diet. PUFAs contain essential fatty acids, so named because they are necessary for health.
- Include nuts, seeds, nut butters, tahini, olives and avocados, which provide protein and/or fiber, so they may be more satiating.

| Non-starchy Vegetables | |
|--|---|
| Amount | Food |
| ½ cup cooked vegetables or vegetable juice | Artichoke hearts, asparagus, baby corn, bean sprouts, beans (green, wax Italian), beets, broccoli, Brussels sprout, cabbage (green, bok choy, Chinese), carrots, cauliflower, celery, chayote, cucumber, daikon, eggplant, leafy greens (collard, kale, mustard, turnip), hearts of palm, jicama, kohlrabi, leeks, mixed vegetables (without corn, peas or pasta), mung bean sprouts, mushrooms (all kinds), okra, onions, peppers (all varieties), radishes, rutabaga, salad greens (chicory, endive, escarole, lettuce, romaine, arugula, radicchio, watercress, etc.), sauerkraut*, spinach, squash (summer, crookneck, zucchini), sugar snap peas, Swiss chard, tomatoes, tomato/vegetable juice*, turnips, water chestnuts |
| 1 cup raw vegetables | |

* May be high in sodium.

Tips for Non-starchy Vegetables:

- If you eat 3 cups or more of raw vegetables or 1 ½ cups of cooked non-starchy vegetables in a meal, count them as 1 Healthy Exchange option.
- Canned vegetables may have added salt. Look for low-sodium or no-salt-added varieties when possible. Drain and rinse canned vegetables to remove excess salt.
- Starchy vegetables such as corn, peas, potatoes and winter squash have more calories and carbohydrates, so they are listed on the Starch List.
- Keep washed, cut raw vegetables such as carrots, cucumber, broccoli, radishes, celery, bell peppers and cherry tomatoes on hand regularly.
- Add chopped or pureed vegetables to sauces, soups, stews and casseroles.
- Incorporate raw or lightly cooked vegetables, such as spinach, tomatoes and onions, into sandwiches, omelets, stir fries and pasta or rice dishes.
- Aim to fill half of your plate with non-starchy vegetables at meals. They are low in calories and provide a great source of fiber, vitamins and minerals.

Healthy Exchange List: Free Choice Only

| OPTAVIA Fuelings |
|-------------------|
| 1 OPTAVIA Fueling |

| Alcohol | |
|-------------|--|
| Amount | Beverage |
| 8 fl. oz. | Beer |
| 12 fl. oz. | Light beer |
| 1 ½ fl. oz. | Distilled spirits: vodka, rum, gin, whiskey (80 or 86 proof) |
| 2 fl. oz. | Sake |
| 5 fl. oz. | Wine: dry, red or white |
| 3 ½ fl. oz. | Wine: dessert (sherry) |

Tips for Alcohol:

- If you choose to drink alcohol, keep in mind that it contributes extra, unnecessary calories, may stimulate the appetite and may lead to dehydration. Alcohol does not offer any nutritional value.
- Choose a distilled spirit and zero-calorie chaser (for example, rum and Diet Coke, vodka and Diet Sprite or Sprite Zero, gin and diet tonic, etc.) which will not add carbohydrates.
- Avoid mixed drinks such as margaritas, daiquiris, etc. which are high in calories and sugar.
- Drink a glass of water in between every alcoholic beverage.
- Always drink alcohol with food and do not skip meals to make up for liquid calories.

| Sweets and Desserts | |
|-----------------------------|------------------------------------|
| Amount | Food |
| 4 pieces | Chocolate "Hershey Kisses" |
| ¼ (1 oz.) | Muffin |
| ½ cup | Low-fat ice cream |
| 1 (1 inch square) | Frosted cake |
| 1 (2 ¼ inches across) | Chocolate chip cookie |
| 4 oz. | Fat-free pudding |
| ½ of cake (about 2 oz.) | Angel food cake |
| 1 inch square (about 1 oz.) | Brownie |
| 3 | Gingersnap cookies |
| 4 | Vanilla wafer cookies |
| 1 | Mini ice cream sandwich |
| 1 | Fun-size candy bar |
| 3 pieces | Licorice twists |
| 1 oz. | Fruit snacks |
| 2 strips | Fruit leather |
| 1 square (14 grams) | Dark chocolate (at least 70% dark) |
| 1 oz. | Unsweetened cacao nibs |

Tips for Sweets and Desserts:

- Limit the consumption of sweets and desserts, as they provide calories without offering nutritional value.
- Indulge in sweets and desserts after consuming a balanced meal to help keep blood sugar stable.
- Keep in mind that sweets and desserts may increase cravings and lead to overeating.

MEDICAL DISCLAIMER:

The Company ("We") recommends that you consult your healthcare provider prior to starting any weight loss program, and during the course of your weight loss program. Do NOT use any **OPTAVIA**® Program, Plans, Products or Kits if you are pregnant or under the age of 13.

Before starting a weight loss program, talk with your healthcare provider about the **OPTAVIA** Program, Plans, Products, and Kits as appropriate, and about any dietary supplements or medications you are using, especially Coumadin (Warfarin), lithium, diuretics, or medications for weight loss, diabetes, high blood pressure or thyroid conditions. Do not utilize any **OPTAVIA** Program, Plans, Products or Kits until you are cleared by your healthcare provider if you have or have had a serious illness (e.g. cardiovascular disease including heart attack, diabetes, cancer, thyroid disease, liver, or kidney disease, eating disorders such as anorexia or bulimia), or any other condition requiring medical care or that may be affected by weight loss.

The **OPTAVIA** for Teens Plan is the only **OPTAVIA** Plan appropriate for teens (13 to 17 years of age). The Optimal Weight 5 & 1 Plan® is NOT appropriate for teens, sedentary older adults (65 years and older), nursing mothers, people with gout, individuals with Type 1 diabetes, and those who exercise more than 45 minutes per day or participate in high intensity activity - if you fall into one of these categories, please consult your healthcare provider, refer to **OPTAVIA.com** and talk with your independent **OPTAVIA** Coach about other **OPTAVIA** Plans that may be appropriate. For special medical or dietary needs, including food allergies or decreased appetite with weight loss medications, refer to our program information online, consult your healthcare provider and talk to your **OPTAVIA** Coach. Do not consume an **OPTAVIA** product if you are allergic to any of the product's ingredients, which are listed on the product packaging and on the **OPTAVIA** website.

We recommend drinking 64 ounces of water each day. Consult with your healthcare provider prior to changing the amount of water you drink as it can affect certain health conditions and medications.

Before taking any dietary supplement or changing your dietary intake, or starting a weight loss or exercise program, we recommend consulting with your healthcare provider first, especially prior to starting any **OPTAVIA ACTIVE**® Plans and Products. Clients should seek professional support for specific exercise program prescriptions. The Optimal Weight 5 & 1 ACTIVE Plan™ is not appropriate for those who exercise more than 45 minutes per day or participate in high intensity activity. **OPTAVIA ACTIVE** products are not recommended for individuals under 18 years of age.

NOTE: Rapid weight loss may cause gallstones or gallbladder disease, temporary hair thinning, or muscle loss in some people. While adjusting to the intake of a lower calorie level and dietary changes, some people may experience dizziness, lightheadedness, headache, fatigue, or gastrointestinal disturbances (such as abdominal pain, bloating, gas, constipation, diarrhea, or nausea). Consult your healthcare provider for further guidance on these or any other health concerns. Seek immediate medical attention if you experience muscle cramps, tingling, numbness, confusion, or rapid/irregular heartbeat as these may be a sign of a more serious health condition.

For avoidance of doubt, the **OPTAVIA** Program, Plans, Products and Kits are not labeled, advertised, or promoted for any specific medicinal purpose, i.e. treatment or prevention, implied or otherwise, of any disease or disorder, including its related conditions.

The **OPTAVIA** Programs, Plans, Products and Kits, and any of its materials and/or information do not in any way constitute medical advice or substitute for medical treatment. Prescriptions must be provided by a licensed healthcare professional. **OPTAVIA** does not prescribe or dispense medications.

As individuals may have different responses to dietary products or changes in diet, consult with your healthcare provider regarding any medical concerns.
