Welcome to OPTAVIA!

At OPTAVIA, we believe you can live the best life possible, but that requires a healthy you. We help you achieve lifelong transformation by incorporating healthy habits into everything you do. These habits get your mind and body working together, to work for you. Every simple new habit, every healthy decision, every positive change leads to more.

This guide is designed to help those with diabetes use our products and plans safely. Please read the guide carefully to safely get started on your journey towards optimal health.
Before You Begin

We recommend that you contact your healthcare provider before starting and throughout your OPTAVIA journey, especially if you are taking medications (e.g., diabetes medications, high blood pressure medications, Coumadin (warfarin), lithium, thyroid medications, etc.).

MEDICAL DISCLAIMER:

The Company (“We”) recommends that you consult your healthcare provider prior to starting any weight loss program, and during the course of your weight loss program. Do NOT use any OPTAVIA® plan if you are pregnant or under the age of 13.

Before starting a weight loss program, talk with your healthcare provider about the program, and about any medications or dietary supplements you are using, including especially Coumadin (warfarin), lithium, diuretics, or medications for diabetes, high blood pressure or thyroid conditions. Do not participate in any OPTAVIA Program until you are cleared by your healthcare provider if you have or have had a serious illness (e.g. cardiovascular disease including heart attack, diabetes, cancer, thyroid disease, liver or kidney disease, eating disorders such as anorexia or bulimia), or any other condition requiring medical care or that may be affected by weight loss.

The OPTAVIA for Teens plan is the only OPTAVIA Program appropriate for teens (13 to 17 years of age). The Optimal Weight 5 & 1 Plan® is NOT appropriate for teens, sedentary older adults (65 years and older), nursing mothers, people with gout, some people with diabetes, and those who exercise more than 45 minutes per day - if you fall into one of these categories, please consult your healthcare provider and refer to www.OPTAVIA.com and talk with your independent OPTAVIA Coach about other OPTAVIA plans that may be appropriate. For special medical or dietary needs, including food allergies, refer to our program information online, consult your healthcare provider and talk to your OPTAVIA Coach. Do not consume an OPTAVIA product if you are allergic to any of that product’s ingredients which are listed on the product packaging and on the OPTAVIA website.

We recommend drinking 64 ounces of water each day. Consult with your healthcare provider prior to changing the amount of water you drink as it can affect certain health conditions and medications.

NOTE: Rapid weight loss may cause gallstones or gallbladder disease or temporary hair thinning in some people. While adjusting to the intake of a lower calorie level and dietary changes, some people may experience dizziness, lightheadedness, headache, fatigue, or gastrointestinal disturbances (such as abdominal pain, bloating, gas, constipation, diarrhea, or nausea). Consult your healthcare provider for further guidance on these or any other health concerns. Seek immediate medical attention if you experience muscle cramps, tingling, numbness, confusion, or rapid/irregular heartbeat as these may be a sign of a more serious health condition.

For avoidance of doubt, the OPTAVIA Programs and products are not labelled, advertised or promoted for any specific medicinal purpose, i.e. treatment or prevention, implied or otherwise, of any disease or disorder, including its related conditions.

The OPTAVIA programs, products, and any of its materials and/or information do not in any way constitute medical advice or substitute for medical treatment. As individuals may have different responses to dietary products or changes in diet, consult with your healthcare provider regarding any medical concerns.

For further information regarding this Medical Disclaimer, call Nutrition Support at 1.888 OPTAVIA or email at nutritionsupport@OPTAVIA.com.
About Diabetes

The two main forms of diabetes are type 1 (insulin dependent) and type 2. Pre-diabetes occurs when your blood sugar is higher than normal but not high enough to be diagnosed as diabetes. Untreated, diabetes can have serious consequences. But through lifestyle changes such as regular exercise and, especially, a healthy diet and weight management, you can improve your health.

Getting Started

OPTAVIA succeeds where other programs fail because we incorporate healthy habits in everything you do. Meal planning for people with diabetes is geared toward limiting calories while maintaining consistent, healthy blood-sugar levels. Our plans are a good fit because they incorporate small meals every two to three hours, so carbohydrates and protein are spaced evenly throughout the day. And, all Fuelings are carbohydrate-controlled and generally lower in fat, making them a healthy choice for people living with diabetes.

Choosing a Meal Plan

OPTAVIA works because it’s simple and easy to follow. The Optimal Weight 5 & 1 Plan®, Optimal Weight 4 & 2 & 1 Plan®, and Optimal Weight 5 & 2 & 2 Plan® are all appropriate for people with diabetes; however, it is essential that you contact your healthcare provider to determine which option is best for you. It is especially important that your blood sugar be monitored carefully throughout the weight-loss process, as your medications may need to be adjusted sometimes even before you begin.

Your healthcare provider may choose to let you start with one option, then after you lose some weight, move you to another lower-calorie plan. He or she will need to review your medications as you work toward achieving your healthy weight.

For people with type 1 diabetes, the Optimal Weight 5 & 2 & 2 Plan is a great plan to start with. Your healthcare provider may decide you should begin with one of our other plans as long as he or she is closely monitoring your blood sugar levels and insulin needs.
Meal Plan Components

Each meal plan has some variation of the following components: Fuelings, Lean & Green meals, healthy fats, healthy snacks, and extras. On the pages that follow, you’ll find a description of each plan component and lists of foods you can enjoy on our plans.
OPTAVIA Fuelings

All OPTAVIA plans allow you the flexibility to choose from more than 50 delicious, convenient, nutritionally interchangeable, scientifically-designed Fuelings. They are calorie- and carbohydrate-controlled and contain a balance of macronutrients that promote stable blood glucose levels, making all of our Fuelings appropriate for people with diabetes. OPTAVIA Fuelings are clean label, and do not contain colors, flavors, or sweeteners from artificial sources. Each Fueling contains GanedenBC30® probiotic cultures, which help support digestive health, as part of a balanced diet and healthy lifestyle.

When you understand what optimal nutrition looks like, healthy eating becomes second nature™.
become your most fulfilled you
What is a Lean & Green Meal?
A Lean & Green meal includes 5 to 7 ounces of cooked lean protein plus three servings of non-starchy vegetables and up to two servings of healthy fats, depending on your lean protein choices.

Enjoy your Lean & Green meal any time of day – whatever works best for your schedule.

If you are dining out or tracking your intake, use the following Lean & Green Meal Nutritional Parameters to help guide your choices:

### Lean & Green Meal Nutritional Parameters

<table>
<thead>
<tr>
<th>Parameter</th>
<th>Value</th>
</tr>
</thead>
<tbody>
<tr>
<td>Calories</td>
<td>250 - 400</td>
</tr>
<tr>
<td>Carbohydrates</td>
<td>≤ 20g total carbohydrate (preferably &lt; 15g)</td>
</tr>
<tr>
<td>Protein</td>
<td>≥ 25g</td>
</tr>
<tr>
<td>Fat</td>
<td>10 - 20g</td>
</tr>
</tbody>
</table>

Healthy Fats
Every day, incorporate up to two servings of healthy fats into your Lean & Green meal. Healthy fats are important because they help your body absorb vitamins like A, D, E and K. They also help your gallbladder work properly. A serving of healthy fat should have 5 grams of total fat and less than 5 grams of carbohydrate. You’ll find a list of healthy fat choices on page 12.

Lean & Green Meal: The "Lean"

Lean Tips:
- Portion size recommendations are for cooked weight
- Choose meats that are grilled, baked, broiled, or poached – not fried.
- Each week, try to eat at least two servings of fish rich in omega-3 fatty acids (salmon, tuna, mackerel, trout, or herring).
- Feel free to choose meatless options like tofu and tempeh.

For a complete list of meatless options, please refer to our Vegetarian Information Sheet or contact Nutrition Support at NutritionSupport@OPTAVIA.com.

Choose the appropriate serving size of any protein from the list on the following pages. We’ve sorted protein options into lean, leaner, and leanest. All options are appropriate for the Optimal Weight 5 & 1 Plan; this just helps you make informed food choices.

For any protein option not on the list, you may use the following nutritional information to determine if it is appropriate on the OPTAVIA Program:

### “Lean” Portion of the Lean & Green Meal

<table>
<thead>
<tr>
<th>Parameter</th>
<th>Value</th>
</tr>
</thead>
<tbody>
<tr>
<td>Calories</td>
<td>180 - 300</td>
</tr>
<tr>
<td>Carbohydrates</td>
<td>≤ 15g</td>
</tr>
<tr>
<td>Protein</td>
<td>≥ 25g</td>
</tr>
<tr>
<td>Fat</td>
<td>Refer to individual protein categories on next page</td>
</tr>
</tbody>
</table>
LEANEST: Choose a 7 oz. cooked portion that has 0 - 4g total fat and add 2 Healthy Fat servings.

- **Fish:** cod, flounder, haddock, orange roughy, grouper, tilapia, mahi mahi, tuna (yellowfin steak or canned in water), wild catfish
- **Shellfish:** crab, scallops, shrimp, lobster
- **Game meat:** deer, buffalo, elk
- **Ground turkey or other meat:** ≥ 98% lean
- **Meatless options:**
  - 14 egg whites
  - 2 cups of liquid egg substitute or liquid egg whites
  - 5 oz. seitan
  - 1 ½ cups (12 oz.) 1% cottage cheese
  - 12 oz. non-fat (0%) plain Greek yogurt (≤ 15g carb per 12 oz.)

LEANER: Choose a 6 oz. cooked portion that has 5 - 9g total fat and add 1 Healthy Fat serving.

- **Fish:** swordfish, trout, halibut
- **Chicken:** breast or white meat, without skin
- **Ground turkey or other meat:** 95% - 97% lean
- **Turkey:** light meat
- **Meatless options:**
  - 2 whole eggs plus 4 egg whites
  - 2 whole eggs plus 1 cup liquid egg substitute
  - 1 ½ cups (12 oz.) 2% cottage cheese
  - 12 oz. low-fat (2%) plain Greek yogurt (≤ 15g carb per 12 oz.)
Healthy Fat Servings
A Healthy Fat serving should contain about 5g of fat and less than 5g of carbohydrates. Add 0 - 2 Healthy Fat servings daily based on your Lean choices:

- **Fish**: salmon, tuna (bluefin steak), farmed catfish, mackerel, herring
- **Lean beef**: steak, roast, ground
- **Lamb**
- **Pork chop or pork tenderloin**
- **Ground turkey or other meat**: 85% - 94% lean
- **Chicken or turkey**: dark meat
- **Meatless options**:
  - 15 oz. Mori-nu® extra firm or firm tofu (bean curd)
  - 3 whole eggs (up to two times per week)
  - 4 oz. (1 cup shredded) reduced-fat or part-skim cheese (3 - 6g fat per oz.)
  - 8 oz. (1 cup) part-skim ricotta cheese (2 - 3g fat per oz.)
  - 5 oz. tempeh
  - 12 oz. non-fat (0%) plain Greek yogurt (≤ 15g carb per 12 oz.)

For a complete list of healthy fat options, refer to our Condiment & Healthy Fat list online.
Lean & Green Meal: The "Green"
Choose three servings from our Green Options list for each of your Lean & Green meals. We’ve sorted vegetable options into lower, moderate, and higher carbohydrate levels. Each one is appropriate on the Optimal Weight 5 & 1 Plan; the list helps you make informed food choices.

Choose 3 servings from the Green Options List:
1 serving = ½ cup vegetables (unless otherwise specified) with ≤ 25 calories and ≤ 5g carbohydrate

> LOWER CARBOHYDRATE

1 cup: collards (fresh/raw), endive, lettuce (green leaf, butterhead, iceberg, romaine), mustard greens, spinach (fresh/raw), spring mix, watercress, bok choy (raw)
½ cup: celery, cucumbers, white mushrooms, radishes, sprouts (alfalfa, mung bean), turnip greens, arugula, nopales, escarole, jalapeño (raw), Swiss chard (raw), bok choy (cooked)

> MODERATE CARBOHYDRATE

½ cup: asparagus, cabbage, cauliflower, eggplant, fennel bulb, kale, portabella mushrooms, cooked spinach, summer squash (scallop or zucchini)

> HIGHER CARBOHYDRATE

½ cup: broccoli, red cabbage, chayote squash, collard or mustard greens (cooked), green or wax beans, kabocha squash, kohlrabi, leeks (cooked), okra, peppers (any color), scallions (raw), summer squash (crookneck or straightneck), tomatoes, turnips, spaghetti squash, hearts of palm, jicama, Swiss chard (cooked)

**NOTE:** All vegetables promote healthful eating, but on the Optimal Weight 5 & 1 Plan, we eliminate the highest-carbohydrate vegetables (such as carrots, corn, peas, potatoes, onions, edamame, and brussel sprouts) to enhance your results. Once you’ve achieved your healthy weight, we encourage you to include ALL vegetables for long-term health.
you can have your lean & green meal any time of day
Flavors of Home®

Our Flavors of Home line is the perfect answer to dinner when life’s just too busy for cooking. Each Flavors of Home option is a complete lean and green meal on the OPTAVIA Program—with the right portions of lean protein, vegetables, and fat. Each meal is made with nutritious, delicious ingredients that taste homemade but take only minutes to prepare.

Healthy Snacks

On the Optimal Weight 4 & 2 & 1 Plan and Optimal Weight 5 & 2 & 2 Plan, you may incorporate a starch, fruit, dairy choice, or OPTAVIA Snack into either one or two of your meal times. Remember to keep your meals at six per day, spaced two to three hours apart, for optimal blood sugar and hunger control.

While 4 & 2 & 1 and 5 & 2 & 2 does not add up to six, you’ll still eat six times per day, mixing and matching the various plan components. The combination of each plan component ensures that you get all the nutrition you need for healthy weight loss.

OPTAVIA Snacks

• Puffed Sweet & Salty Snacks
• Puffed Ranch Snacks
• Olive Oil & Sea Salt Popcorn
• Sharp Cheddar & Sour Cream Popcorn

Starch

A healthy snack serving of starch is:

• 1 slice whole-grain bread (3g or more fiber/slice)
• 2 slices low-calorie, light, whole-grain bread (about 40 calories/slice)
• ¾ cup cold whole-grain cereal such as bran flakes (3g or more fiber/serving)
• ½ cup cooked cereal
• ½ cup peas, corn
• 1 cup winter squash
• ¼ large (3 oz.) baked potato
• ½ cup cooked brown rice
• ½ cup cooked whole-wheat pasta
• ½ cup cooked beans or lentils

NOTE: Check the food label to be sure that the starch or grain products you choose are made from whole-grain sources, which should appear as the first ingredient on the list. Examples include whole wheat, whole rye, and whole oats.
Fruit

A Healthy Snack serving of fruit is:

- 1 small (4 oz.) piece of fresh fruit such as pear, apple, orange, etc.
- ½ cup fresh or frozen fruit
- 1 cup fresh, cubed melon such as cantaloupe, honeydew, etc.
- ¾ cup fresh berries
- ½ cup canned fruit such as peaches, pears, or fruit cocktail
  (choose fruit packed in water or natural juices, not syrup)
- 17 fresh grapes
- ½ large grapefruit
- ½ large or 1 extra-small banana

Dairy

A healthy snack serving of dairy is:

- ⅔ cup (6 oz.) low-fat yogurt (fewer than 120 calories)
- 1 cup unsweetened low-fat or fat-free milk (cow, soy, almond, or cashew)
- ½ cup fat-free evaporated milk

NOTE: Always choose low-fat or fat-free dairy foods. Cheese of any kind should not be considered a dairy option and therefore cannot be counted as a healthy snack. See the Vegetarian Information Sheet for information about including cheese as a lean protein choice in your weight-loss plan.
Extras

Optional Snacks
On the Optimal Weight 5 & 1 Plan, you may choose ONE of these optional snacks daily. Talk to your independent OPTAVIA Coach about plan-approved optional snacks including:

- OPTAVIA Puffed Snacks
- OPTAVIA Popcorn
- 3 celery stalks
- 1 fruit-flavored sugar-free Popsicle
- ½ cup serving sugar-free gelatin, such as Jell-O
- Up to 3 pieces of sugar-free gum or mints
- 2 dill pickles spears
- ½ oz. of nuts: almonds (10 whole), walnuts (7 halves), or pistachios (20 kernels)*

*Be mindful that nuts are a rich source of healthy fat and additional calories, so choose this optional snack sparingly.

Optional Condiments
Use condiments to add flavor and zest to your meals, just remember that they contribute to overall carbohydrate intake. We recommend reading food labels for carbohydrate information and controlling condiment portions for optimal results. A condiment serving should contain no more than 1 gram of carbohydrate per serving. You can enjoy up to three condiment servings per lean and green meal.

Examples:
- ½ teaspoon most dried herbs and spices, pepper, catsup, BBQ, sauce, or cocktail sauce
- ¼ teaspoon salt
- 1 tablespoon minced onion, yellow mustard, salsa, soy sauce, low-fat or fat-free milk/soy milk
- 2 teaspoons lemon/lime juice
- 2 tablespoons sugar-free flavored syrup (Walden Farms, Inc., DaVinci, Torani, etc.)
- 1 packet zero-calorie sweetener
- 1 cup refrigerated, unsweetened original or unsweetened vanilla almond or cashew milk

For a more comprehensive list of condiments, healthy fats, and portion recommendations, talk to your OPTAVIA Coach.

Flavor Infusers
Infuse your water with flavors like Mandarin Orange and Mixed Berry!*

- Essential I: Calorie Burn (Limit to three per day)
- Essential II: Antioxidants
- Energy Infusers

*We recommend drinking 64 ounces of water each day. Contact your healthcare provider prior to changing the amount of water you drink as it can affect levels of certain medications.
A day on the
OPTIMAL WEIGHT

5 & 1 Plan®
The Optimal Weight 5 & 1 Plan

Sample Meal Plan

This can be modified according to your own food preferences and schedule, but we recommend eating every two to three hours to keep yourself full and satisfied.

Day 1

  • 5 oz. grilled salmon
  • 1 ½ cups cooked asparagus
  • OPTAVIA Puffed Ranch Snack

Evening: 5th OPTAVIA Fueling
  • Chewy Chocolate Chip Cookie
Exercise

Your healthcare provider or a certified personal trainer can help you find an exercise program that is right for you. Discuss appropriate pre-exercise meal planning with your healthcare provider, registered dietitian, or certified diabetes educator. When on the Optimal Weight 5 & 1 Plan, we recommend limiting exercise to 45 minutes of light to moderate physical activity each day.

Before Exercising:
• Check blood glucose/sugar, and do not exercise if blood glucose is less than 100 mg/dL or greater than 300 mg/dL (check again after exercise, too).
• Drink plenty of fluids (water, sugar-free beverages).
• Wear your medical alert identification while exercising.
• Wear appropriate clothing and shoes.
• Check your feet daily for any sores, blisters, or abnormalities.
• Have a plan in place to handle low blood sugar.
Transition (Optimal Weight 5 & 1 Plan only)

Once you’ve achieved your healthy weight, make the transition to lifelong healthy eating. The Transition phase from the Optimal Weight 5 & 1 Plan gradually increases your calorie intake and reintroduces a wider variety of foods. The calories you need after transition to maintain your weight varies according to your height, weight, gender, age and activity level. This 6-week transition leads to an ultimate goal of fewer than 1,550 calories a day.

**sample transition chart**

<table>
<thead>
<tr>
<th>Week</th>

The Optimal Health 3 & 3 Plan

Continuing on your path toward optimal health

Once you’ve achieved your healthy weight, it’s crucial to maintain the good habits you’ve learned, including fueling your body every two to three hours. To help sustain your healthy weight, we’ve developed the Optimal Health 3 & 3 Plan. It focuses on nutritionally balanced small meals eaten every two to three hours while integrating more food choices in the right portions. Your OPTAVIA Coach can tell you more about the Optimal Health 3 & 3 Plan developed by our team of Registered Dietitians.

To follow the Optimal Health 3 & 3 Plan, consume three Optimal Health Fuelings daily and three balanced meals.
We're with you every step of the way
