Welcome to OPTAVIA!

At OPTAVIA, we believe you can live the best life possible, but that requires a healthy you. We help you achieve lifelong transformation by incorporating healthy habits into everything you do. These habits get your mind and body working together, to work for you. Every simple new habit, every healthy decision, every positive change leads to more.

This guide is designed to help those with diabetes use our products and plans safely. Please read the guide carefully to safely get started on your journey towards Optimal Heath.
Before You Begin

We recommend that you contact your healthcare provider before starting and throughout your OPTAVIA journey, especially if you are taking medications (e.g., diabetes medications, high blood pressure medications, Coumadin® (warfarin), lithium, thyroid medications etc.).*

We recommend that you consult your healthcare provider prior to starting any weight loss program. Do not use any OPTAVIA Program if you are pregnant or under the age of 13. The OPTAVIA for Teens plan is the only OPTAVIA program appropriate for teens (13 to 17 years of age). If you have a serious acute or chronic illness (e.g., heart attack, diabetes, cancer, liver disease, kidney disease, anorexia, bulimia, etc.), do not use any OPTAVIA Program until your healthcare provider says you have recovered or stabilized. The Optimal Weight 5 & 1 Plan® is NOT appropriate for teens (13 to 17 years of age), sedentary older adults (65 years and older), nursing mothers, people with gout, some people with diabetes, and those who exercise more than 45 minutes per day. For special medical or dietary needs, including food allergies, refer to our program information online and talk to your OPTAVIA Coach.

NOTE: Rapid weight loss may cause gallstones or gallbladder disease for those at high risk. While adjusting to intake of a lower-calorie level and diet changes, some people may experience temporary lightheadedness, dizziness or gastrointestinal disturbances.

We recommend drinking 64 ounces of water each day. Talk with your healthcare provider prior to changing the amount of water you drink as it can affect certain health conditions and medications.

This Program and any of its materials do not in any way constitute medical advice or substitute for medical treatment.

About Diabetes

The two main forms of diabetes are type 1 (insulin dependent) and type 2. Pre-diabetes occurs when your blood sugar is higher than normal but not high enough to be diagnosed as diabetes. Untreated, diabetes can have serious consequences. But through lifestyle changes such as regular exercise and, especially, a healthy diet and weight management, you can improve your health.
Getting Started

OPTAVIA succeeds where other programs fail because we incorporate healthy habits in everything you do. Meal planning for people with diabetes is geared toward limiting calories while maintaining consistent, healthy blood-sugar levels. Our plans are a good fit because they incorporate small meals every two to three hours, so carbohydrates and protein are spaced evenly throughout the day. And, all Fuelings are carbohydrate-controlled and generally lower in fat, making them a healthy choice for people living with diabetes.

Choosing a Meal Plan

OPTAVIA works because it’s simple and easy to follow. The Optimal Weight 5 & 1 Plan®, Optimal Weight 4 & 2 & 1 Plan®, and Optimal Weight 5 & 2 & 2 Plan® are all appropriate for people with diabetes; however, it is essential that you contact your healthcare provider to determine which option is best for you. It is especially important that your blood sugar be monitored carefully throughout the weight-loss process, as your medications may need to be adjusted - sometimes even before you begin.

Your healthcare provider may choose to let you start with one option, then after you lose some weight, move you to another lower-calorie plan. He or she will need to review your medications as you work toward achieving your healthy weight.

For people with type 1 diabetes, the Optimal Weight 5 & 2 & 2 Plan is a great plan to start with. Your healthcare provider may decide you should begin with one of our other plans as long as he or she is closely monitoring your blood sugar levels and insulin needs.
Diabetes

Type 1

Optimal Weight 5 & 2 & 2 Plan®

- 5 OPTAVIA Fuelings + 2 lean and green meals + 2 healthy snacks daily
- Daily Calories: 1,300-1,500

Best suited for people with type 2 diabetes and more than 100 lbs to lose or people with type 1 diabetes who are carefully monitored by their healthcare provider or diabetes specialist.

Type 2

Unstable Blood Sugar

Yes

Has over 100 lbs to lose?

No

Optimal Weight 5 & 1 Plan®

- 5 OPTAVIA Fuelings + 1 lean and green meal + NO healthy snacks
- Daily Calories: 800 - 1,000

Best suited for people with type 2 diabetes and less than 100 lbs to lose.

Yes

Optimal Weight 4 & 2 & 1 Plan®

- 4 OPTAVIA Fuelings + 2 lean and green meals + 1 healthy snack Daily
- Daily Calories: 1,100 - 1,300

An option for people with type 1 or type 2 diabetes who are carefully monitored by their healthcare provider or diabetes specialist.

Meal Plan Components

Each meal plan has some variation of the following components: Fuelings, lean and green meals, healthy fats, healthy snacks, and extras. On the pages that follow, you’ll find a description of each plan component and lists of foods you can enjoy on our plans.
**OPTAVIA Fuelings**

All OPTAVIA plans allow you the flexibility to choose from more than 60 delicious, convenient, nutritionally interchangeable, scientifically-designed Fuelings. They are calorie- and carbohydrate-controlled and contain a balance of macronutrients that promote stable blood glucose levels, making all of our Fuelings appropriate for people with diabetes. **OPTAVIA Fuelings** are clean label, and do not contain colors, flavors, or sweeteners from artificial sources. Each contains the patented probiotic GanedenBC30® to support digestive health.

When you understand what optimal nutrition looks like, healthy eating becomes second nature™.
become your most fulfilled you
Lean And Green Meals

A lean and green meal includes 5 to 7 ounces of cooked lean protein, three servings of non-starchy vegetables and up to two servings of healthy fats, depending on your lean protein choices. Enjoy your lean and green meal any time of day – whatever works best for your schedule.

If you like, you can divide the meal into two portions and eat half of it at a time.

You’ll find a list of choices for your lean protein and non-starchy vegetables on the following pages.

Healthy Fats

Incorporate up to two servings of healthy fats into each of your lean and green meal. Healthy fats are important because they help your body absorb vitamins like A, D, E and K. They also help your gallbladder work properly. You’ll find a list of healthy fat choices on the next page.

Lean and Green Meals: The “Lean”

Lean Tips:

• Portion size recommendations are for cooked weight.
• Choose meats that are grilled, baked, broiled, or poached—not fried.
• Each week, strive to eat at least two servings of fish rich in omega-3 fatty acids (salmon, tuna, mackerel, trout, or herring).
• Choose meatless options made with soybeans or textured vegetable protein.

Choose the appropriate portion size of any protein from the list on the following page. We’ve broken down protein options into lean, leaner, and leanest. All options are appropriate for OPTAVIA weight-loss plans; this just helps you make informed food choices.

For those requiring additional meatless choices, please refer to our Meatless Options list on the Vegetarian Information Sheet at Answers.OPTAVIA.com, or contact Nutrition Support at NutritionSupport@OPTAVIA.com.
LEAN: Choose a 5-oz. portion (cooked weight) — no Healthy Fat serving added.

- Fish: salmon, tuna (bluefin steak), farmed catfish, mackerel, herring
- Lean beef: steak, roast, ground
- Lamb
- Pork chop or pork tenderloin
- Ground turkey or other meat: 85% – 94% lean
- Chicken or turkey: dark meat
- Meatless options:
  - 15 oz. Mori-nu® Silken Extra Firm, Firm, or Soft Tofu
  - 3 whole eggs (limit to once a week)

Healthy Fat Servings
A Healthy Fat serving should contain about 5 grams of fat and less than 5 grams of carbohydrate. Add 0-2 Healthy Fat servings daily based on your Lean choices:
- 1 teaspoon of canola, flaxseed, walnut, or olive oil
- Up to 2 tablespoons of low-carbohydrate salad dressing
- 5 - 10 black or green olives
- 1 tablespoon of reduced-fat margarine
- 1½ ounces of avocado

LEANER: Choose a 6-oz. portion (cooked weight) plus 1 Healthy Fat serving.

- Fish: swordfish, trout, halibut
- Chicken: breast or white meat, without skin
- Ground turkey or other meat: 95% – 97% lean
- Turkey: light meat
- Meatless options:
  - 2 whole eggs plus 4 egg whites

LEANEST: Choose a 7-oz. portion (cooked weight) plus 2 Healthy Fat servings.

- Fish: cod, flounder, haddock, orange roughy, grouper, tilapia, mahi mahi, tuna (yellowfin steak or canned in water), wild catfish
- Shellfish: crab, scallops, shrimp, lobster
- Game meat: deer, buffalo, elk
- Ground turkey or other meat: ≥ 98% lean
- Meatless options:
  - 14 egg whites
  - 2 cups of Egg Beaters®
Lean and Green Meals: The “Green”

Choose three servings from our Green Options list for each of your lean and green meals.

We’ve sorted vegetable options into lower, moderate, and higher carbohydrate levels. Each one is appropriate on the OPTAVIA Program; the list helps you make informed food choices.

Choose 3 servings from the Green Options List
1 serving = 1/2 cup vegetables (unless otherwise specified)

- **LOWER CARBOHYDRATE**
  - 1 cup: collards (fresh/raw), endive, lettuce (green leaf, butterhead, iceberg, romaine), mustard greens, spinach (fresh/raw), spring mix, watercress, bok choy (raw)
  - 1/2 cup: celery, cucumbers, white mushrooms, radishes, sprouts (alfalfa, mung bean), turnip greens, arugula, nopales, escarole, jalapeño (raw), Swiss chard (raw), bok choy (cooked)

- **MODERATE CARBOHYDRATE**
  - 1/2 cup: asparagus, cabbage, cauliflower, eggplant, fennel bulb, kale, portabella mushrooms, cooked spinach, summer squash (scallop or zucchini)

- **HIGHER CARBOHYDRATE**
  - 1/2 cup: broccoli, red cabbage, collard or mustard greens (cooked), green or wax beans, kohlrabi, okra, peppers (any color), scallions (raw), summer squash (crookneck or straightneck), tomatoes (red, ripe), turnips, spaghetti squash, hearts of palm, jicama (cooked), Swiss chard (cooked)

**NOTE:** All vegetables promote healthful eating; however, during the weight-loss phase of your plan, the highest-carbohydrate vegetables (such as carrots, corn, peas, potatoes, onion, edamame, and Brussels sprouts) can only be eaten as your healthy snack to enhance your weight-loss results. Healthy snacks are not a component of the Optimal Weight 5 & 1 Plan®.
you can have your lean and green meal any time of day.
Flavors of Home®

Our Flavors of Home line is the perfect answer to dinner when life’s just too busy for cooking. Each Flavors of Home option is a complete lean and green meal on the OPTAVIA Program—with the right portions of lean protein, vegetables, and fat. Each meal is made with nutritious, delicious ingredients that taste homemade but take only minutes to prepare.

Healthy Snacks

On the Optimal Weight 4 & 2 & 1 Plan and Optimal Weight 5 & 2 & 2 Plan, you may incorporate a starch, fruit, dairy choice, or OPTAVIA Snack into either one or two of your meal times. Remember to keep your meals at six per day, spaced two to three hours apart, for optimal blood sugar and hunger control.

While 4 & 2 & 1 and 5 & 2 & 2 does not add up to six, you’ll still eat six times per day, mixing and matching the various plan components. The combination of each plan component ensures that you get all the nutrition you need for healthy weight loss.

OPTAVIA Snacks

• Puffed Sweet and Salty Snacks
• Puffed Ranch Snacks

Starch

A healthy snack serving of starch is:

• 1 slice whole-grain bread (3g or more fiber/slice)
• 2 slices low-calorie, light, whole-grain bread (about 40 calories/slice)
• ¾ cup cold whole-grain cereal such as bran flakes (3g or more fiber/serving)
• ½ cup cooked cereal
• ½ cup peas, corn
• 1 cup winter squash
• ¼ large (3 oz.) baked potato
• ½ cup cooked brown rice
• ½ cup cooked whole-wheat pasta
• ½ cup cooked beans or lentils

NOTE: Check the food label to be sure that the starch or grain products you choose are made from whole-grain sources, which should appear as the first ingredient on the list. Examples include whole wheat, whole rye, and whole oats.
Fruit
A Healthy Snack serving of fruit is:
- 1 small (4 oz.) piece of fresh fruit such as pear, apple, orange, etc.
- ½ cup fresh or frozen fruit
- 1 cup fresh, cubed melon such as cantaloupe, honeydew, etc.
- ¾ cup fresh berries
- ½ cup canned fruit such as peaches, pears, or fruit cocktail
  (choose fruit packed in water or natural juices, not syrup)
- 17 fresh grapes
- ½ large grapefruit
- ½ large or 1 extra-small banana

Dairy
A healthy snack serving of dairy is:
- ¾ cup (6 oz.) low-fat yogurt (fewer than 120 calories)
- 1 cup unsweetened low-fat or fat-free milk (cow, soy, almond, or cashew)
- ½ cup fat-free evaporated milk

NOTE: Always choose low-fat or fat-free dairy foods. Cheese of any kind should not be considered a dairy option and therefore cannot be counted as a healthy snack. See the Vegetarian Information Sheet for information about including cheese as a lean protein choice in your weight-loss plan.
Extras

Optional Snacks
On the Optimal Weight 5 & 1 Plan, you may choose ONE of these optional snacks daily. Talk to your OPTAVIA Coach about plan-approved optional snacks including:

- OPTAVIA Puffed Snacks
- 3 celery stalks
- 1 fruit-flavored sugar-free Popsicle®
- ½ cup serving sugar-free gelatin, such as Jell-O®
- Up to 3 pieces of sugar-free gum or mints
- 2 dill pickles spears
- ½ oz. of nuts: almonds (10 whole), walnuts (7 halves), or pistachios (20 kernels)*

*Be mindful that nuts are a rich source of healthy fat and additional calories, so choose this optional snack sparingly.

Optional Condiments
Use condiments to add flavor and zest to your meals, just remember that they contribute to overall carbohydrate intake. We recommend reading food labels for carbohydrate information and controlling condiment portions for optimal results. A condiment serving should contain no more than 1 gram of carbohydrate per serving. You can enjoy up to three condiment servings per lean and green meal.

Examples:
- ½ teaspoon most dried herbs and spices, pepper, catsup, BBQ, sauce, or cocktail sauce
- ¼ teaspoon salt
- 1 tablespoon minced onion, yellow mustard, salsa, soy sauce, low-fat or fat-free milk/soy milk
- 2 teaspoons lemon/lime juice
- 2 tablespoons sugar-free flavored syrup (Walden Farms, Inc.®, DaVinci®, Torani®, etc.)
- 1 packet zero-calorie sweetener
- 1 cup refrigerated, unsweetened original or vanilla almond or cashew milk

For a more comprehensive list of condiments, healthy fats, and portion recommendations, talk to your OPTAVIA Coach.

Flavor Infusers
Infuse your water with flavors like Mandarin Orange and Mixed Berry!*

- Essential: Calorie Burn (Limit to three per day)
- Essential: Antioxidants
- Energy Infusers

*We recommend drinking 64 ounces of water each day. Contact your healthcare provider prior to changing the amount of water you drink as it can affect levels of certain medications.
we help you realize lifelong transformation, one healthy habit at a time
A day on the OPTIMAL WEIGHT plan
The Optimal Weight 5 & 1 Plan

Sample Meal Plan
This can be modified according to your own food preferences and schedule, but we recommend eating every two to three hours to keep yourself full and satisfied.

Day 1
Breakfast: 1<sup>st</sup> OPTAVIA Fueling
  • Old Fashioned Maple & Brown Sugar Oatmeal
Mid-Morning: 2<sup>nd</sup> OPTAVIA Fueling
  • Creamy Chocolate Shake
Lunch: 3<sup>rd</sup> OPTAVIA Fueling
  • Sour Cream & Chive Smashed Potatoes
Mid-Afternoon: 4<sup>th</sup> OPTAVIA Fueling
  • Frosted Cinnamon Spice Crisp Bar
Dinner: Lean and Green Meal
  • 5 oz. grilled salmon
  • 1½ cups cooked asparagus
Evening: 5<sup>th</sup> OPTAVIA Fueling
  • Chewy Chocolate Chip Cookie
The Optimal Weight 4 & 2 & 1 Plan

Sample Meal Plan
This can be modified according to your own food preferences and schedule, but we recommend eating every two to three hours to keep yourself full and satisfied.

Day 1
Breakfast: 1st OPTAVIA Fueling
• Old Fashioned Maple & Brown Sugar Oatmeal
Mid-Morning: 2nd OPTAVIA Fueling
• Creamy Chocolate Shake
Lunch: 1st Lean and Green Meal
• 6 oz. baked chicken
• 3 cups spring mix
• 2 Tbsp low-carbohydrate salad dressing
Mid-Afternoon: 3rd OPTAVIA Fueling
• Frosted Cinnamon Spice Crisp Bar
Dinner: 2nd Lean and Green Meal + Healthy Snack
• 5 oz. grilled salmon
• 1 ½ cups cooked asparagus
• OPTAVIA Puffed Ranch Snack
Evening: 4th OPTAVIA Fueling
• Chewy Chocolate Chip Cookie
The Optimal Weight 5 & 2 & 2 Plan

Sample Meal Plan

This can be modified according to your own food preferences and schedule, but we recommend eating every two to three hours to keep yourself full and satisfied.

Day 1

Breakfast: 1st OPTAVIA Fueling + 1st Healthy Snack
- Old Fashioned Maple & Brown Sugar Oatmeal
- 1 cup low-fat milk

Mid-Morning: 2nd OPTAVIA Fueling
- Creamy Chocolate Shake

Lunch: 3rd OPTAVIA Fueling + 1st Lean and Green Meal
- 6 oz. baked chicken
- 3 cups spring mix
- 2 Tbsp low-carbohydrate salad dressing
- Decadent Double Chocolate Brownie

Mid-Afternoon: 4th OPTAVIA Fueling
- Frosted Cinnamon Spice Crisp Bar

Dinner: 2nd Lean and Green Meal + 2nd Healthy Snack
- 5 oz. grilled salmon
- 1 ½ cups cooked asparagus
- OPTAVIA Puffed Ranch Snack

Evening: 5th OPTAVIA Fueling
- Chewy Chocolate Chip Cookie
Exercise

Your healthcare provider or a certified personal trainer can help you find an exercise program that is right for you. Discuss appropriate pre-exercise meal planning with your healthcare provider, registered dietitian, or certified diabetes educator. When on the Optimal Weight 5 & 1 Plan, we recommend limiting exercise to 45 minutes of light to moderate physical activity each day.

Before Exercising:

- Check blood glucose/sugar, and do not exercise if blood glucose is less than 100 mg/dL or greater than 300 mg/dL (check again after exercise, too).
- Drink plenty of fluids (water, sugar-free beverages).
- Wear your medical alert identification while exercising.
- Wear appropriate clothing and shoes.
- Check your feet daily for any sores, blisters, or abnormalities.
- Have a plan in place to handle low blood sugar.
Transition (Optimal Weight 5 & 1 Plan only)

Once you’ve achieved your healthy weight, make the transition to lifelong healthy eating. The Transition phase from the Optimal Weight 5 & 1 Plan gradually increases your calorie intake and reintroduces a wider variety of foods. The calories you need after transition to maintain your weight varies according to your height, weight, gender, age and activity level. This 6-week transition leads to an ultimate goal of fewer than 1,550 calories a day.

**sample transition chart**

<table>
<thead>
<tr>
<th>Week</th>
<th>Target # of calories</th>
<th>Fuelings</th>
<th>Lean and Green Meals</th>
<th>Additions</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>850 - 1,050</td>
<td>5</td>
<td>1</td>
<td>1 cup (2 servings) of your favorite vegetable (any kind)</td>
</tr>
<tr>
<td>2</td>
<td>900 - 1,150</td>
<td>4</td>
<td>1</td>
<td>In addition to your 1 cup of your favorite vegetables ADD 2 medium-sized pieces of fruit OR 1 cup of cubed fruit or berries (2 servings)*</td>
</tr>
<tr>
<td>3</td>
<td>1,000 - 1,300</td>
<td>4</td>
<td>1</td>
<td>In addition to your 1 cup of your favorite vegetables AND 2 medium-sized pieces of fruit OR 1 cup of cubed fruit or berries* ADD 1 cup of low-fat or fat-free dairy (1 serving)</td>
</tr>
<tr>
<td>4-6</td>
<td>1,100 - 1,550</td>
<td>3</td>
<td>1</td>
<td>In addition to your 1 cup of your favorite vegetables AND 2 medium-sized pieces of fruit OR 1 cup of cubed fruit or berries* AND 1 cup of low-fat or fat-free dairy ADD 4- to 6-oz. serving of lean meat (one serving)** AND 1 serving of whole grain (one serving)**</td>
</tr>
</tbody>
</table>

*Fresh, or, if canned, unsweetened and packed in juice, not syrup.
**Grilled, baked, poached, or broiled—not fried.
***Examples: 1 slice of whole-grain bread, ½ whole-grain English muffin, ¼ cup high-fiber cereal, ½ cup whole-wheat pasta, or ⅓ cup brown rice.
The Optimal Health 3 & 3 Plan

Continuing on your path toward Optimal Health

Once you’ve achieved your healthy weight, it’s crucial to maintain the good habits you’ve learned, including fueling your body every two to three hours. To help sustain your healthy weight, we’ve developed the Optimal Health 3 & 3 Plan. It focuses on nutritionally balanced small meals eaten every two to three hours while integrating more food choices in the right portions. Your OPTAVIA Coach can tell you more about the Optimal Health 3 & 3 Plan developed by our team of Registered Dietitians.

To follow the Optimal Health 3 & 3 Plan, consume three Optimal Health Fuelings daily and three balanced meals.
We're with you every step of the way
