How to Create a Snapchat Account

1. Download the “Snapchat” app from your smartphone’s app store then open the app. Click “Sign Up” to begin.

2. Enter your first and last name then click “Sign Up.”

The image shows the Snapchat sign-up screen for entering a name. It has a white background with a purple back arrow in the top left corner. The text "What's your name?" is centered. Below it, there are two input fields: "FIRST NAME" with the text "OPTA" and "LAST NAME" with the text "TEST". At the bottom, there is a purple "Sign Up" button highlighted with a green border. Below the input fields, there is a small line of text: "By tapping Sign Up, you agree to the [Terms of Service](#) and [Privacy Policy](#)."

3. Enter in your birthday, then click “Continue.”

7. If you chose to sign up using your email address, enter it now then click "Continue."

8. Prove you aren't a robot by tapping the squares that contain a particular object (your object may be different than the one in this example) then click "Continue."

9. Click “Continue” if you want to see which contacts in your phonebook are on Snapchat. Click “Skip” if you would prefer to revisit this later.

10. If you chose to access your contacts, click “Ok” to allow Snapchat to access your contacts.

11. Snapchat will then load your contacts and you can choose which contacts you would like to follow on snapchat.

How to Create a Snap

1. Once your account is setup, you will be taken to your default posting screen. Here you can record or take a picture of whatever it is that you want to snap.

2. After you take your picture or record your video, you can choose to leave a caption by tapping on the T icon to reveal a text box. When you're finished, click "Done."

3. You can add stickers and emojis with the sticker icon.

4. Add a doodle using the pencil icon.

5. Adjust the length of time that your snap will be available for others to view using the timer icon.

6. Delete your current snap and start over using the "X" icon.

7. Download your snap to your phone using the upside down arrow icon.

Snapchat Filters

Make your snaps super snazzy with these fun filters! Snapchat filters allow the user to re-vamp their photos. You can access these filters by swiping left on your photo after you have taken a snap. Here are a few basic filters below:

Brightens snaps

Greyscales snaps

Shows many MPH

Shows the
temperature

Shows the time

Shows your battery
life

Geo-filters: These are special filters that you can access while you're in a particular area based on the geography of your location.

Sending a Snap

1. Once your snap is ready to send, click on the blue circle with an arrow inside.

2. Choose the recipient of your snap from your contact list then send!

8. Add the snap to your story using the snap with the + icon, then click “Add.”
